Mercedes-Benz Vans. Keeping people moving.

**The most driven businesses drive Mercedes-Benz vans. Why?
Because we keep them moving...**

From taxi drivers to builders on the job, airport shuttles to school swim teams, safety engineers to Sunday league football clubs, and holiday tours to charity fundraisers, the people we support are hardworking, self-assured, forward-looking, and hardwired to succeed. And they all share a desire to keep moving.

That's why we continue to make sure our vans are among the most reliable, technically advanced vehicles on the road, and we go further to support our customers' businesses and maximise vehicle uptime.

We're your business partner, not your vehicle supplier. We're with you all the way. And we won't stop, because we know you can't afford to.

"Image is everything in this business. It was crucial, therefore, that as well as offering the passenger accommodation we needed, our new wedding vehicle should also set the highest possible standards of comfort and style."

Delivering on our promise to keep you moving.

- **Industry-leading quality** – We keep innovation moving. Mercedes-Benz vans have won numerous safety awards – and we invest £4.63bn in R&D each year to make sure we continue to lead the field in safety.
- **Flexible, accessible finance** – We keep your cash flow moving. Mercedes-Benz Finance says ‘yes’ to 99%* of credit applications, freeing up your business’s credit lines.
- **Quality assured Approved Used vans** – We keep all businesses moving. Our Approved Used vans remove all barriers to Mercedes-Benz quality without compromising on our exacting standards.
- **Free roadside assistance** – Every single Mercedes-Benz van comes with a lifetime promise to keep you moving, no matter what: MobiloVan – free dedicated roadside assistance for 30 years†.
- **24/7 servicing** – We keep your working day moving. Over a third of our Dealer Network works through the night to service and maintain our customers’ vans, so they’re out on the road during the day, earning their keep.

Choose your Vito Tourer.

Step 1: Which model works for you?

Vito Tourer PRO

The Vito Tourer PRO offers plenty of room for both passengers and cargo, with flexible seating for up to eight people. Quick release mounts in the passenger compartment mean it can easily be transformed into a 5, 4 or 2-seater vehicle, creating more space for bulky loads.

Vito Tourer SELECT

If you're looking for a little extra luxury, the Vito Tourer SELECT offers sleek external styling and superior comfort for passengers. Its high quality seats with armrests, adjustable backrests and head restraints invite instant relaxation, while a quick-release seat rail system enables the position of the bench seats to be adjusted for extra leg room.

Vito Tourer SPORT

Combining numerous items of additional equipment, the Vito SPORT is our top of the range model. With exterior styling elements including side skirts and chrome-plated features, the vehicle is strikingly sporty in its appearance. On the inside, its superior highlights include leather seats, steering wheel and gearshift level that combine form with function.

How to select your vehicle

1. Start by considering how many passengers you need to carry and how much cargo. This will help you decide which Tourer model to choose. Think about the number of seats you need and consider the maximum length and height of your load.
2. On the next page, you'll see payload ranges and engine sizes. So, start by thinking about the heaviest load you need to carry and power you might need.
3. From the choice available, then decide which trim is right for you. PRO, SELECT or SPORT.
4. Choose a colour and paint type – solid or metallic – and select an upholstery trim that best meets your needs.
5. You can choose to upgrade your wheels if you like – we've a range of steel or alloy wheels.
6. Finally, you can review the range of standard equipment in each model or choose to enhance and further style your Tourer from our range of optional equipment and packages available.

All figures are based on a standard specification.

The choice of wheels and transmission may affect CO₂ emissions and corresponding Road Fund Licence.

The indicated values were determined according to the prescribed measurement method – Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. Figures shown are for comparability purposes; only compare with other vans tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish fuel consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP>

Finance options

Get an agreement that suits you with Mercedes-Benz Finance

At Mercedes-Benz Finance we have a number of finance options you can choose from to suit your business needs, because we understand the complexities of running a modern-day business...

Agility

A flexible method of financing a vehicle over a fixed term. The agreement defers your decision of whether you purchase, hand back or part-exchange your vehicle until the end of your agreement.

- Fixed regular payments mean you can easily budget
- Payments are based only on a proportion of the van's value, keeping your monthly payments lower
- Our Optional Purchase Payment avoids the risk of unplanned depreciation of your vehicle.

Hire Purchase

A straightforward route to ownership. This is the perfect way to buy a Mercedes-Benz if you want to work your way up to full ownership, spreading the overall cost over a fixed term.

- On completion of the agreement you will own the vehicle
- A flexible deposit and repayment term means you can tailor the financial agreement to suit you
- Monthly payments are not based on annual mileage.

Operating Lease

A solution for those who want to drive one of our vehicles over a fixed term, with lower monthly rentals and without the worries or commitment of ownership.

- Pay an advance rental upfront
- Rentals are based on your annual mileage agreed at the start of your agreement and only on a proportion of the vehicle's value, keeping your monthly payments lower
- Rentals are allowable against taxable profits (proportionally).

Finance options

Contract Hire

Gives you the ability to enjoy driving a Mercedes-Benz without having to take on full ownership. With Contract Hire, you lease your vehicle for a fixed period and for a fixed monthly rental.

- No need for a large initial deposit
- Repair and Maintenance options are also available
- VAT is reclaimable depending on usage (proportionally).

Finance Lease

Allows your vehicle to appear as an asset on your balance sheet, without the option of ownership as you hire a vehicle for a fixed period.

- Fixed regular payments enable you to easily budget
- The vehicle is an asset on the balance sheet, therefore tax allowances may be deducted from taxable profits
- Payments are not based on annual mileage.

Ask your local Dealer for more information about our finance options.

After care

Keeping Businesses Moving.

Once you've driven away in your new Vito, the support we provide doesn't stop there. Did you know we offer a number of ways to keep your business moving long into the future? It's perhaps one of our best kept secrets...

- **ServiceCare** – Because you don't stop, we don't either. We offer a range of servicing options to suit every business – and we make it easy to book services online. We also understand how important it is to maintain momentum, which is why most of our Dealers work until midnight and over a third are there 24/7, to keep your vehicles running at their peak performance.
- **ServiceCare Maintenance** – Spread the cost of up to six services and save, without entering into a credit agreement. Pay one upfront sum or by monthly Direct Debit.
- **ServiceCare Flex** – Fix and reduce servicing costs for your vehicle fleet by buying them in bulk. Specifically designed for fleets operating 25+ vehicles.
- **ServiceCare Complete** – Tailor a package that covers all your service and maintenance requirements and maintenance costs.
- **National Service Price** – Our National Service Pricing for the UK is designed to give clear, transparent costs to all our customers. It means that no matter where you are, or which approved Dealer you choose to use, you'll always get a consistently fair deal.
- **MobiloVan** – All Mercedes-Benz vehicles come with MobiloVan, our free roadside assistance* package. If you breakdown, have a collision or can't start your van, call MobiloVan and a technician with an average response time of under 60 minutes will arrive in a van stocked with Mercedes-Benz GenuineParts. With an average roadside repair rate of 80%, you'll be moving again in no time.
- **3 year warranty** – Because we want to help keep businesses moving today and in the future, all our new and Approved Used vans come with a free 3 year unlimited mileage warranty.
- **24/7 Dealer network** – Our nationwide network of approved Dealers is here to help your business maintain momentum. Most Dealers work until midnight and over a third are there 24/7.
- **Genuine RemanParts** – Our remanufactured parts help to reduce costs without compromising on the proven Mercedes-Benz quality. Each part is remanufactured, checked and tested according to the highest standards.
